AFTER WORK - CHILD'S PLAY - COLOUR EXPERIMENTING

FEEL GOOD WITH ART OUTINGS

CELEBRATE ANNIVERSARY, HEN NIGHT...

OFFICE PARTY

MAKE A JOURNEY INTO THE WORLD OF ART - we talk about art freely associating as curious children and artists alike. We explore and experiment subjectively, discover new materials and techniques. We go wild with colours and patterns never seen before, arrange unpretentious collages individually or in teams. The atmosphere is filled with joy and energy

BRAIN STILLING - we conclude with brain stilling and suddenly we realise how enjoyable tired body and brain are – a feeling of utter delight!
